Notes to the Financial Statements For the year ended June 30 2020

Note 1: Statement of Significant Accounting Policies

The financial report is a general purpose financial report that has been prepared in accordance with Accounting Standards and other authoritative pronouncements of the Australian Accounting Standards Board and the requirements of the Associations Incorporations Act.

The Committee of Management has determined that the association is not a reporting entity. The financial report covers Kidsafe Victoria Incorporated as an individual entity. Kidsafe Victoria Incorporated is an association incorporated and domiciled in Victoria.

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets.

The following is a summary of the material accounting policies adopted by the economic entity in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

Income tax

No current or deferred income tax assets or liabilities have been raised by the association as it is exempt from income tax under Division 50 of the Income Tax assessment Act.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, cash includes cash on hand and deposits held at call with banks or financial institutions.

Comparative Figures

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

There has been one change to the adoption of accounting for employee entitlements in the 2020 financial year. With an increased number of staff in the midst of a global Coronavirus pandemic, the Comittee of Management has decided to accrue one years personal leave for each employee (and pro rata amounts for those not employed for the full financial year) so that we can easily identify what obligations we are carrying. This principle has not been adopted in prior years as there was no immediate threat or reason to believe that full amounts of personal leave would ever be used. However, with an increased risk of exposure in the community - and a number of staff with children attending school or childcare, as well as having our office based at the Monash Children's Hospital, there is an increased risk of staff being required to stay at home if they show any symptoms of illness.

Employee Entitlements

Provision is made for the liability for employee entitlements arising from services rendered by employees to balance date. Employee entitlements expected to be settled within one year have been measured at their nominal amount.

As mentioned above, in the 2020 financial year, we are accruing four weeks (for full time staff, pro rata equivalent for part time staff) personal leave. Due to the current pandemic should employees fall ill and require to use up their personal leave balance this will leave Kidsafe Victoria Incorporated in a position in having to hire additional staff at additional cost not originally budgeted for.

Revenue and Other Income

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

Donation income is recognised when it is received.

Gifts in kind are recognised at their fair value at the date the association gains control of the donated goods.

Government Grants are recognised as income as they are earned. Where grants relate to activities not yet undertaken, there is an obligation to repay those funds if they are not spent for the approved purpose then such funds are recognised as "Unearned Income".

All revenue is stated net of the amount of goods and services tax (GST).

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable for the Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the assets and liabilities statement are shown inclusive of GST.
