

BURNS IN THE HOME

- i** Hot water burns like fire
- ✓ Check the temperature of the bath water using a thermometer before putting little ones in. A safe temperature for bathing a bub is 37–38°C (36°C for a newborn)
- ✓ Keep hot drinks and food out of reach and never hold these when nursing or carrying little ones
- ✓ Use a gate to help stop little ones going into the kitchen when adults aren't around
- ✓ Install smoke alarms and regularly check that they are working by testing the batteries
