

CAR SAFETY

Every time you put your little one in their seat, check that everything is buckled up and fits them properly

CAR SAFETY

- ✓ Keep your child in the right seat for their size. The shoulder height marker will tell you when they are big enough to change seats
- ✓ The seat needs to be fitted in the car correctly – if you aren't sure, you can book in for a free check at safeseatssafekids.com.au
- ✓ Never leave children alone in a car – it can get really hot and make them sick
