

**IS YOUR CHILD'S RESTRAINT
FITTED CORRECTLY?**

FIND A FITTER

findafitter.com.au

Over 70% of child restraints are incorrectly fitted or used, placing children at greater risk of suffering a serious injury in a collision.

Kidsafe Victoria's 'Find A Fitter' listing provides you with details of credible, experienced child restraint fitting stations which can help to properly install your child car restraint.

Top 5 daily child car restraint checklist

- 1 Is the tether strap connected to an anchor point?
- 2 Is the seatbelt / ISOFIX connected securely?
- 3 Is the harness and headrest at the right height for the child?
- 4 Are there any twists in the harness, seatbelt or tether strap?
- 5 Is the angle of the restraint correct for the child's seating position?
